

Shut-in of the Week – Boots Redmond, Janet Clevenger's mother

Pray for our National and State leaders as we work through the Covid-19 pandemic & reopening

Lois Warren - had lung CAT scan and melanoma nodules are stable; doctor would like to continue immunotherapy treatments; will also be having an ultrasound on Monday for kidney issues; pray for wisdom for both doctors and Lois as to what direction to take, as well as God's healing touch on Lois

Rachel - Mary Krohn's mother; needs constant care from the family and has lost a lot of weight

Doris Kruger - had procedure done on kidney; home and is struggling with recovery and pain

Paul Smith - MRI results show a protruding disc; doctor wants him to wait until his June 2 appointment to come back in to give the shot he received time to work; his pain is at a level 10 and so far the shot is not working

Ronin Dunson - bp is low, he is lethargic; getting both blood and platelets; not doing well at all

Dinah Bayliff - received call from surgeon to get surgery scheduled; no date yet, but they are working on it

Angie - friend of Tanya Augsburgers; has pneumonia & tested negative for Covid-19; is home and on oxygen

Pastor Dave Stanford - pastor at Woodlawn Baptist Church in Lima has been diagnosed with Covid-19 and is on a ventilator, has been moved from Covid unit to ICU; has a long way to go, but has shown some signs of improvement

Tom Kerr - recent surgery to remove prostate cancer; is home and doctors think they got it all; he is doing better every day

Sharon Hopkins - Lori Belcher's mother; has been refusing food and drink; Lori has been taking her a meal from Dairy Queen, so she is eating one full meal a day

Jimmy Bradshaw - the father of Tanya Augsburgers' friend, has cancer spots in his liver; will be having radioactive beads inserted in his liver; after 6 weeks with those in he'll have a very invasive surgery to remove what cancer may be left; pray as he goes through this process; he is in good spirits, but his daughter is having a hard time

Tammy Lovell - needs infusions to build up her immune system; paperwork for insurance needs to go through before she can get these; is meeting with executor of her Uncle Jim's will and it doesn't look positive; pray everything goes well; still is not able to sleep well

Mark - 28 years old; serious drug & legal issues; his father asked us to pray for him

Barb Carroll - PTL the wound on the bottom of her foot from surgery is finally healed and she is walking; she also has 2 small spots on the top of her same foot and she is being given infusions; please pray these two spots will shrink and disappear; will have another PET scan in another couple months

Please continue to pray for truckers, medical personnel and safety personnel

Carl & Patricia Worsham - Jenny Jones' parents; in their 80s and still living at home; Patricia has dementia and Carl is her primary caregiver and he has heart issues of his own; pray for strength for Carl & that neither will come into contact with Covid-19

Mark Hershberger - had scan at IU on 4/21; there were a couple of suspicious areas on and near artery & vein areas; he is continuing chemo 3 days every other week & will go back for another scan in 3 months; he is doing pretty good; pray the chemo is working

Mark & Rita both have God's perfect peace!

Bob Wood , Bernie Horn's brother-in-law; diagnosed with aggressive prostate cancer; radiation has been put on hold due to Covid-19, pray they start his treatments up again soon; had heart cath and one artery had 90% blockage; they were able to put in a stent

**Pray for the many families with hospital/funeral situations
where they can't be present with their loved ones**

Thanks for praying for our pastoral search process.

Those with chronic pain:

Karen Croft, Jim Johnson, Dinah Bayliff, Tammy Bishop

**Pray for opportunities for gospel conversations, sharing Jesus with others;
Conversion Growth; also that we will see the Glory of God in our lives and church!**
